

FELLOW

Opus Conical Burr Grinder

The everything grinder for effortless mornings.

Meet Opus, a powerful all-purpose grinder that unlocks your coffee's potential across the full range of brewing styles, from espresso to cold brew.

Key Features:

Cafe-grade performance

C6-40 Burly Burrs™; a 6-blade 40 mm conical burr set, and powerful motor with 6Nm of torque at the burr together produce outstanding grind consistency and flavor.

All the range

Opus is the rare all-purpose grinder that can grind coffee for true 9-bar espresso, while also covering AeroPress®, pour-over, electric coffee makers, French press, and cold brew. 41 easily adjustable settings, plus expanded range and granularity using the inner ring.

Fully intuitive

Designed with ease of use in mind at every step, Opus includes a volumetric dosing lid to measure beans, anti-static technology for mess-free mornings, and a handy grind guide so you're never lost.

41+ Precision Settings
